NOTES

- The gross value of the estate (R 6,000.00) is below R 250,000. Small estates are generally dealt with under s18(3) without Letters of Executorship and without a Master's fee – confirm the correct procedure with the Master.
- Executor's fee at 0% of the gross value of assets plus 6% on income after death (tariff maximums; the Master approves the final amount).
- Administration costs are deducted in arriving at the dutiable amount. Costs that relate only to post-death income may not qualify – confirm with SARS practice.
- Estate duty rates, the abatement, the Master's fee scale and the executor's tariff are the current statutory figures. Confirm them against SARS and the Master before lodging.
- The L&D account is due within six months of the Letters, i.e. by 05 Apr 2027 (s35(1)).

INTERNAL – ITEMS TO RESOLVE BEFORE LODGING

This page is a working checklist generated from the captured data. It is not part of the account – remove it before the account is lodged.

[ ] "Car" is marked as a special bequest but is not allocated to any heir – it is left in the residue.

[ ] The deceased's identity number "80766766" is not a valid South African ID number (13 digits with a correct check digit). Ignore this only for a foreign passport number.

[ ] No heirs have been captured.
